No sound	No sound
Regular 8 sprocket holes are bigger and further apart (compared to Super 8)	With Sound
	Thin copper sound strip

**Background music can be added**

- Our pricing is among the lowest in the industry and you pay for only what you actually have, unlike the "fill a box" companies out there.
- Turn-a-round time: Usually 7-14 BUSINESS DAYS from the time we receive your order.
- Backup: We archive all orders for one year and access these files only at the request of the customer for additional copies in the future.
